

SOMIRA JEWELS

HOW TO MEASURE YOUR RING SIZE

1

First, find a ring that you own that fits perfectly. It should slide off with a slight tug, but you shouldn't have to pull at it to take it off.

2

Place it flat on a table and measure the inner diameter (Distance Between Two Inner Sides) of the ring. Remember to measure at the exact center of the ring like in the image below.

RING SIZES

Once you find your ring size in millimeters, match it to our ring size number below. If your ring is between two sizes, order the larger size.

PRINTING SCALE OF RING SIZER

Before printing, set scaling to "None" on print dialog box.
